

Open Letter to the Sri Krishna Committee (SKC) members

From:

The Telangana.com Forum members,

Subject: How and when can the Telangana People get Justice?

Dear Honorable Members of Sri Krishna Committee (SKC), Government of India, New Delhi

We as Telangana people seeing the rampant corruptions by Andhra politicians every day, and as the Telangana.com forum members, like to bring to the attention of SKC the following questions and concerns of the Telangana people and seek the separate Telangana state.

1. Andhra politicians are filthy rich with crores of money to bribe anyone who raise their voice for Telangana cause, physically willing to hurt or kill anyone who demands Telangana.
2. Andhra politicians have more votes in state legislature and the parliament than the Telangana people have. And many Telangana political leaders, over the decades, have either been bribed by huge sums of money or lucrative political/official positions.
3. Andhra IAS officers are everywhere in state secretariat, district collector offices, central government offices, to influence all the projects, all the budget allocations and prevent central funds from reaching the people of Telangana.
4. Andhra IPS police officers are everywhere to suppress any agitation by the Telangana students and people.
5. Andhra judges are everywhere to prevent the Telangana people getting the justice.
6. Telangana people have seen, Gentlemen's agreement, GO 610, Six Point Formula, States Reorganization Committee (SRC1) report all being thrown into dust bins by these clever and cunning Andhra IAS officials and dirty Andhra politicians.
7. When the news reports indicated that your committee is going to say neither yes, nor no to the Telangana state, that may be implying that your committee may be generating another report that makes no difference to the day to day suffering of Telangana people.
8. Where is the hope for the people of Telangana to have their self rule and self respect?
9. Who can give the justice to the people of Telangana?

However, we are going to prepare the following document about Telangana and submit to your committee and seek your help in giving justice to the people of Telangana by helping with the declaration of Telangana state immediately.

1. What the Telangana People Need SKC to Do?

Please do the needful to the people of Telangana.

Yours very sincerely,
Telangana.com forum members
